

A

How do numbers help us count?

Let's talk

How many books do we have?

We have fifteen books.

How many pencils do we have?

Twelve.

How many boxes do we need?

We need three boxes.

Count and say

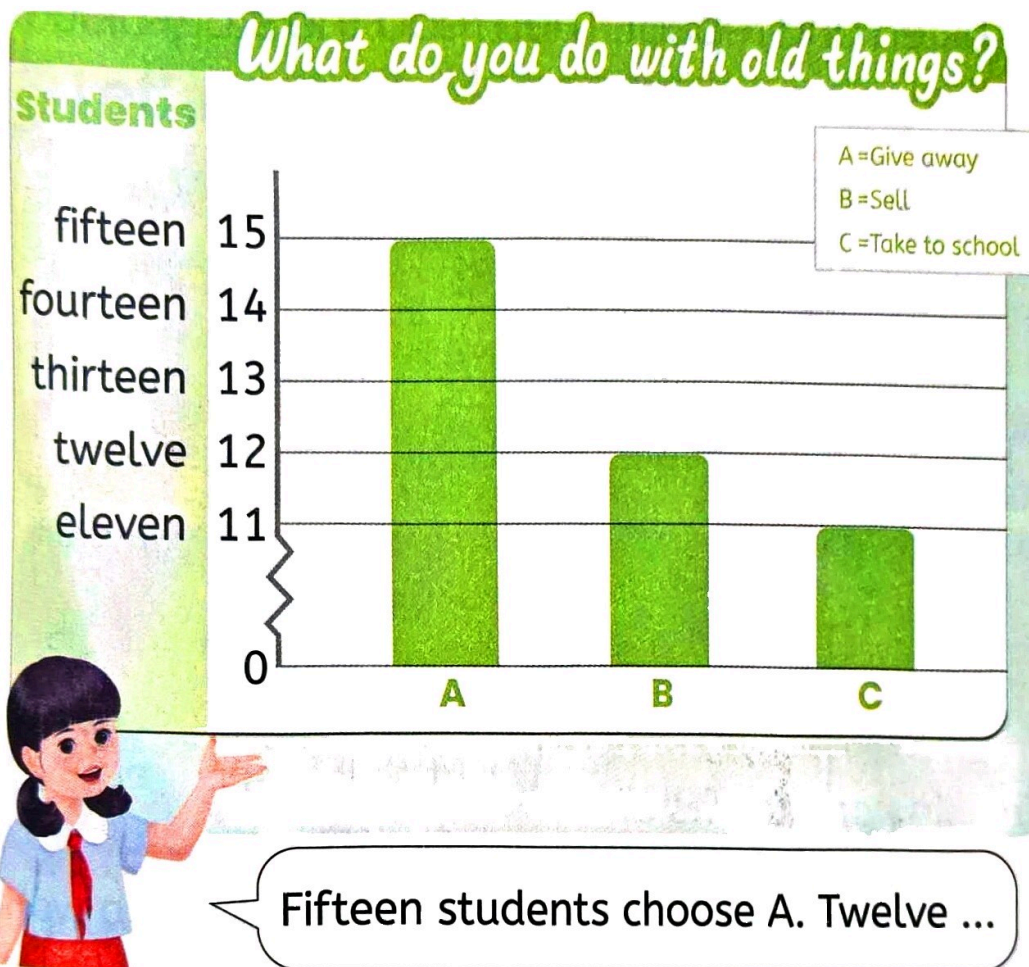

How many apples do we need?

We need fifteen.

How many apples do we have now?

Five.

Let's learn

Listen and chant

Five and six makes eleven.
Add one, it's twelve.
Six and seven makes thirteen.
Add one, it's fourteen.
Three fives are fifteen.
We can count to fifteen!
